### CHESAPEAKE GRANITE WASH TRUST ANNOUNCES ADDITIONAL DISTRIBUTION OF \$0.0087 PER COMMON UNIT

HOUSTON, TEXAS, May 9, 2024 – Chesapeake Granite Wash Trust (OTC Markets Group, Inc.:CHKR) (the “Trust”) today announced an additional common unit distribution for the quarter ended March 31, 2024 (which primarily relates to production attributable to the Trust’s royalty interests from December 1, 2023 through February 29, 2024) in the amount of \$0.0087 per common unit. The total common unit distribution of \$0.0185, consisting of the initial common unit distribution of \$0.0098 and this additional common unit distribution, will be paid on May 30, 2024 to common unitholders of record at the close of business on May 20, 2024.

The additional distribution was due to the following change in the calculation of the distributable income available to unitholders:

- Actual trust administrative expenses were lower than the estimated amount set forth in the Trust’s May 3, 2024 press release (\$192 thousand vs \$595 thousand)

The following table provides supporting detail for the amended calculation of distributable income available to unitholders for the production period from December 1, 2023 through February 29, 2024. The additional common unit distribution is due to the difference between the amended calculated distributable income per common unit of \$0.0185 and the prior calculated distributable income per common unit of \$0.0098.

- (1) Includes the effect of certain marketing, gathering and transportation deductions.*
- (2) The Trustee may increase or decrease the targeted amount of the cash reserve at any time, and may increase or decrease the rate at which it is withholding funds to build the cash reserve at any time, without advance notice to the unitholders. Without limiting the foregoing, the Trustee reviewed the adequacy and sufficiency of the existing cash reserve in 2021 and determined to withhold funds otherwise available for distribution to unitholders each quarter to increase existing cash reserves by a total of approximately \$3,200,000 over a period of several quarters, commencing with the distribution to unitholders for the fourth quarter 2021 (payable in 2022). As of March 31, 2024 \$1,759,578 has been so withheld to increase cash reserves. Cash held in reserve will be invested as required by the Trust Agreement. Any cash reserved in excess of the amount necessary to pay or provide for the payment of future known, anticipated or contingent expenses or liabilities eventually will be distributed to unitholders, together with interest earned on the funds.*
- (3) Based on 46,750,000 common units issued and outstanding.*

Due to the timing of the payment of production proceeds to the Trust, quarterly distributions generally include royalties attributable to sales of oil, natural gas liquids and natural gas for three months, including the first two months of the quarter just ended and the last month of the prior quarter.

The Trust owns royalty interests in certain oil and natural gas properties in the Colony Granite Wash play in Washita County, Oklahoma. The Trust is entitled to receive proceeds from the sale of production attributable to the royalty interests. As described in the Trust's filings with the Securities and Exchange Commission (the "SEC"), the amount of Trust revenues and the quarterly distributions to Trust unitholders will fluctuate from quarter to quarter, depending on the sales volume of oil, natural gas liquids and natural gas attributable to the Trust's royalty interests and the prices received for such sales and the amount of the Trust's administrative expenses, among other factors.

For additional information regarding the Trust and its results of operations and financial condition, please refer to the Trust's SEC filings.
